

## **LAUNCH OF CYCLE POLO AS A SPORT AT MODERN SCHOOL**

On the fine sunny morning of Thursday, 30th of January 2020, Cycle Polo was officially launched on the play grounds of Modern School Barakhamba Road (upper field) by the Principal, Dr V Datta who threw the white polo ball and began the proceedings amidst the presence of the coaches and the sports co-ordinators. The event saw a commendable participation from the Modern School Equestrian team and other enthusiastic students of the middle wing. The students were made familiar with the new bicycles and the mallets used to play cycle polo.

The Cycle Polo induction as a sport at Modern School is yet another initiative taken by our Principal, Dr V Datta who is undoubtedly known to give a paramount importance to the well being and interests of our students.

The sport was quick to demonstrate its viability to the polo aficionados in India who were awed by its all-season nature.

Cycle Polo sport will be included in the National School Games also.

Our students would be among the very privileged lot to be trained in this extremely interesting and an ecofriendly sport.
