A Staff Meeting was held on 1st July 2017 at the HLL Auditorium. The meeting focused on various important tenets for teachers. The results of classes XII and X for the year 2017 were reviewed and analyzed. Principal Dr Vijay Datta presented a comprehensive analysis of the Board Exam Results. over the year, astutely analyzing the results of each subject. Dr Datta also stressed on the idea of sagacious moderation of marks by the teachers. He suggested that the teachers should discuss the marking scheme of a question paper and prepare an answer key after a thorough discussion of all possible answers. Furthermore it was advocated that a right approach and attitude of a teacher in the class can bring excellent results. The issue of absenteeism was also addressed. The suggested solution stated that, students should be made aware about the importance of revision before the exams in school. For this it was suggested that teachers must provide students with good revision worksheets and exercises.

Dr Datta, informed the teachers about the efficient execution of Co-Scholastic Activities for classes VI-VIII and IX-X. A handout was provided to each teacher bearing instructions for the same. The idea of Flipped Classroom was discussed extensively. As flipped classroom's method is excellent to make learning swift and easy. Dr Datta stressed on the importance of announcing the subsequent topic in the class in advance and asking students to research on the same. This streamlines the learning process and opens vast horizons for the students. 'Mind Maps' an interesting technique, was also discussed by the principal. He encouraged teachers to incorporate innovative idea of using Mind Maps to explain important and difficult topics. Mind Maps will be a radical break from monotonous teaching pattern. The meeting conducted by Dr Datta was highly motivating and enlightening. The innovative ideas propounded were brilliant. The meeting helped in shaping up creative ideas. Dr Datta gave a holistic perspective and assessed areas where teachers can certainly make a difference. The meeting was truly a remarkable experience for one and all.

STUDENTS AT THE SHOE DISTRIBUTION DRIVE

SHOE DISTRIBUTION DRIVE

The students of the Interact Club Modern School Barakhamba Road, once again took the initiative to recognize the problems of those who've been neglected time and again and have been constantly prone to the harshness of life. The effort was made to satisfy those needs which are often taken for granted by us. On 12th May 2017, the students of Interact Club took a step forward to aid the steps of those who walk bare foot in the scorching heat. Members of the Interact Club collected footwear over the course of a couple of weeks which was followed by Shoe Drive which was carried out in various parts of the city. Under the able guidance of Mrs.Meera Malhotra, the students not only managed to successfully pull off the Shoe Drive but also managed to bring a smile on those faces who long for love, care and affection from their fellow beings. It provided the young leaders with the kind of exposure they needed to understand the brutal reality of the lives of the underprivileged . It was truly an emotional and a heartening experience.
