Respected Principal,

Rotary International, since its creation, has endeavored to promote and participate in programs for the upliftment of social welfare. Rotary has also been actively providing platforms for people around the world to contribute to social welfare and causes.

In continuation of this trend, we at Rotary, together with the **Interact Club** of Modern School, Barakhamba Road, take immense pleasure in announcing another new endeavor for the youth "**Rotary 3010 Social Innovation Awards**".

The foundation of these awards are based on the principle of the 4C's

- **Care** - Students themselves decide what subject/theme they are going to tackle, self direct their learning to develop a deep understanding.
- **Co-operate** - Students work in teams, use all their talents to generate thinking and develop an action plan. They work with others in the immediate and local community to improve and get support for their innovation.
- **Change** - Students use their creative imagination and thinking to develop an innovative response.
- **Communicate** - The story told. Students learn the importance of telling the story: communicating effectively to influence and get the support of others.

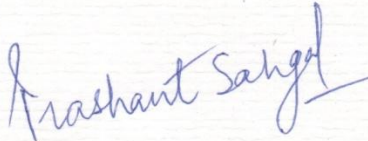

These awards aim to

- Recognize an individual or a group of students who have successfully implemented change in communities through innovative ideas and methods
- Encourage students to come up with creative solutions for everyday problems that exist in society
- Promote the values of social thinking and innovation

Thanking you,

Yours sincerely,

  
LATA VAIDYANATHAN  
Principal, Modern School
