EARTH DAY 2020

What's New at Modern

Modern School, Barakhamba Road, celebrated Earth Day.

Modern School, Barakhamba Road, celebrated Earth Day virtually. Earth Day is celebrated every year on 22nd April. This year marked the 50th anniversary of Earth Day. The aim is to sensitize masses all around the globe to protect the planet we inhabit.

The Nature Club of Modern School, Barakhamba Road, celebrated Earth Week to promote the mission of Earth Day to create clean and sustainable communities. A variety of activities like Poster Making, Slogan Writing, Collage Making, Videography, Poem and Story Writing, were planned for the students to enhance their creativity. The participation from the students, despite the lockdown, clearly demonstrated their support for the environment. A few glimpses of the work sent by the students are shown below.

POEM WRITING

The topic for poem writing was **BE THE CHANGE YOU WISH TO SEE.**

सृष्टि का संदेश

सदियों से हम करते आए साथ इसके दुर्व्यवहार
देखो अब सृष्टि ने स्वयं ही किया अपना उपचार

रुक जाएगा समय रहते रोगों का ये जानलेवा प्रहार
अब भी समय है, बदल डालो अपनी सोच का
आकार

इसने बहुत रखा हमारा खयाल, अब है हमारी
जिम्मेदारी
इसे सहेजने की लो प्रतिज्ञा वरना जारी रहेगी धरती
पर ये महामारी।

मिलकर कदम उठाना है
धरती को स्वच्छ बनाना है।
साफ़ वातावरण है आशीर्वाद
जीव जंतु करें धन्यवाद।

रेहान कत्याल S4D

BE THE CHANGE YOU WISH TO SEE

Rise above the crowd,
And say it aloud!
It's time to cure our earth,
Which gave us birth.
Thank this magnificent creation,
And awaken your realization.
The earth is wounded
And it's our duty to make it splendid
Me is not superior
To take other species inferior
Me is equal
Stop this needless organism removal
One is never too young to make a difference
Each one of us can cause an influence
You are the beginning
Make the first inning
Take up courage and be the change
Lead them all to the stage
Where each and every soul is uncaged

BE THE CHANGE YOU WISH TO SEE- THE DAZZLING ALMIGHTY

Looking around-At this war and pain
Helpless mankind suffers in vain
Falling hither and thither – the knowledge we gained
Waiting for an expeditious end, to this violence reign!
Troubled and puzzled-everything looks in humane
Leaving no leaf unturned in any terrain.
No country, no town is spared from becoming insane,
Yet witnessing fears and failures and tears like rain!
Amongst this panic, frustration and same
We realize our mother nature's enchanting fame.
It's self- healing and flourishing game
Truly dazzling, pristine and undrained.
Oh! glorious nature! With all its beauty regained.
The positivity and advantage taken through this frail.
Preaching patience and optimism to our race,
Let us altogether bow down to the almighty nature dominate!
