VIRTUAL CREATIVE SKILLS SUMMER CAMP

As the school closed for summer vacation, a Virtual Creative Summer Camp was conducted for students from 18th to 29th May 2020. They had the opportunity to join and learn from a spectrum of options as per their interests. The Graphics workshop was conducted for the students, where they learnt printing with vegetables such as potato, lady finger, bitter gourd, cucumber and carrot. Children were happy to join the Home Science workshop

where they learnt various nuances of gourmet cooking which included something as simple as a lemonade and as classy as a biscuit pudding and cheese toast. On the other hand, students had a great time attending Fine Arts workshop where they tried their hands at spray painting and Madhubani painting. They also enjoyed learning old newspaper drawing, poster colour drawing, pencil

shading as well as doodling art. Students had the opportunity to attend Theatre workshop where they gained knowledge about various aspects of theatre like acting, script writing, stage direction, costume, makeup, lights and also the importance of sets. Children were asked to prepare short

script of plays. Lot of activities were also undertaken to enhance their acting and speaking skills. Students eagerly awaited the Dance workshop, where they were taught how to express themselves effectively through some basic yet beautiful movements. They were introduced to four major aspects of dance as per Indian concepts that is *Angik, Vachik, Satvik* and *Aaharya*.

Western music workshop was a complete delight for all the students as they were encouraged to ask questions which helped them to have a better grasp of musical concepts.

The scale, chords and songs covered a vast array of genres. During the

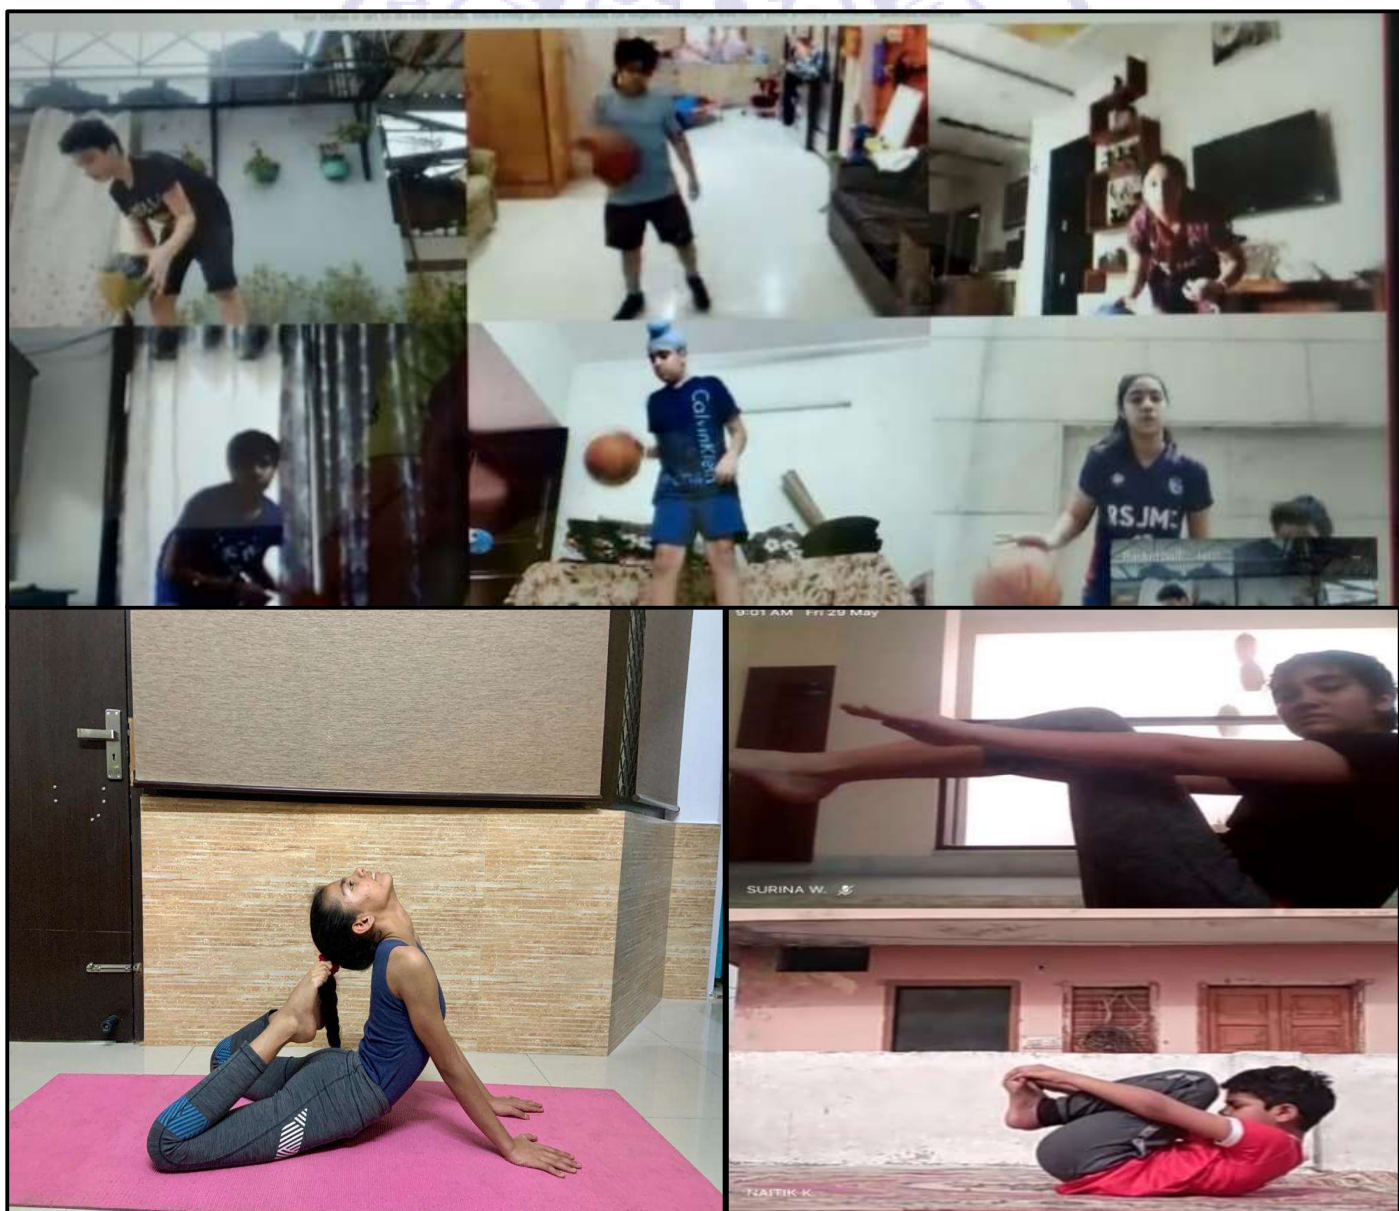

MUSICAL EUPHORIA

Virtual Photography workshop, students learnt the art with hands on devices like cameras and mobile phones. Difference between Analogue and Digital camera was explained to them through a PPT. The camp was a quintessence of learning, knowledge and fun.

VIRTUAL SPORTS SUMMER CAMP

Modern School Barakhamba Road organised the Virtual Summer Sports camp from 18th to 29th May 2020. The camp aimed at ensuring that the students learnt one chosen sport. It also helped in strengthening their immune system which was the need of the hour. A large number of students attended the camp. Every day, first half an hour was reserved for the fitness exercises followed by an hour of skill development in various games selected by the students. They were encouraged to learn at least one new technique in their chosen sport every day. The Virtual Sports camp was a huge success.

BITS AND BYTES VIRTUAL SUMMER WORKSHOP

Bits and Bytes the Computer club of Modern School organised a Virtual Summer workshop from 18th to 29th May 2020 which saw an enthusiastic participation by over a hundred students from class S1 to S4 and S6. Three programming languages: C++ Programming, Python Programming and Web Designing were introduced to the students on the first day of the workshop. Since the implementation of intricate codes is impossible without the in-depth clarity of theory, therefore, the workshop started with a theoretical session followed by a practical Programming implementation session. A project based activity was also conducted on the last day of the workshop.
