- 3) Half Yearly Examination 2020 Pg 3
- 4) Creative Corner Pg 3
- 5) Poem by Madhav Sharma (S3-G) Pg 4
- 6) Mandala Illustrations by Kaahira Agarwal (S1-B) Pg 4

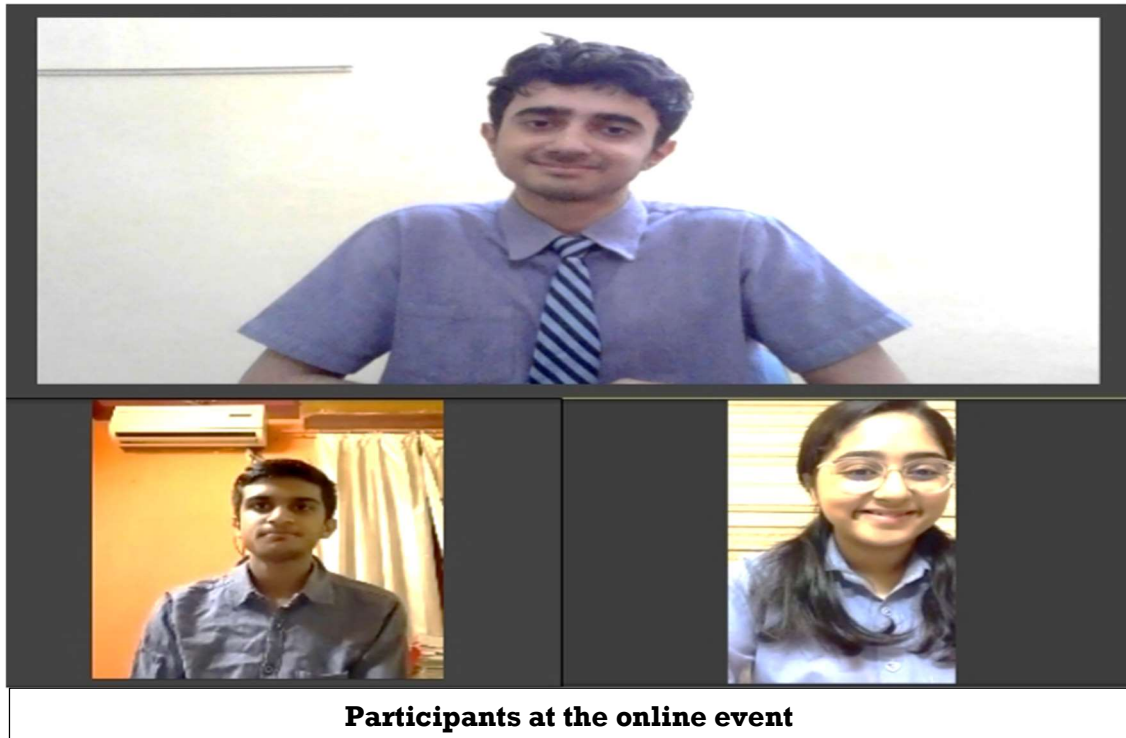

### BIZONOMICS SOCIETY

#### R'Impressario - Ryan International School, Rohini

Ryan International School, Rohini organised an online commerce event R'Impressario on the 31<sup>st</sup> August and 1<sup>st</sup> of September 2020. A team of thirteen students of the Bizonomics Society from S6 and S7 represented the school at the competition. The fest consisted of various events challenging the students in areas of quizzing, debating, cryptic puzzles, stock market simulation and product marketing. Ridit Anand (S7-E) and Zaina Sharma (S6-G) stood **First** in The Uddyam-E-Graam event, which tested their marketing skills and sales promotion strategies for a product designed for rural India.

Rijul Ganju (S7-E) and Rahul Pandey (S6-F) bagged the **Second** position in the quiz section which tested their business acumen, basic knowledge and analytical skills. Congratulations to the winners!

## PANDEMIC EXPERIENCE

*Eshna Tripathi (S2-G)*

The world is grappling with an invisible enemy and everyone is trying to understand how to live with the threat posed by a virus. The days are filled with uncertainty, pain and fear as well as small moments of hope and humanity. Everywhere in the world people are slowly and steadily limping back to a new kind of “normal”.

But despite that we should not lose hope and make the best use of this time by doing some creative work. As the schools are being entirely run online, we can learn many interesting things while staying at home. In this melee, we can do gardening, cleaning, develop culinary skills, help our mothers and also play games with family and friends. We can also utilize this self-isolation period by pursuing our hobbies. My hobbies are reading books, painting and sketching. Along with my

online academic classes, I've also enrolled myself for online art classes of our school and now I'm able to draw and paint better.

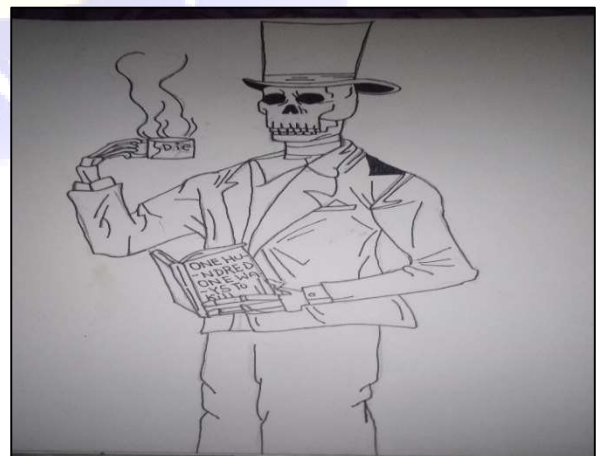

## HALF YEARLY EXAMINATION 2020-21

In its centenary year, Modern School achieved yet another milestone and successfully concluded its first Online Half Yearly Examination on 26<sup>th</sup> September 2020. The assessment in all the subjects was divided into two sections: MCQ (Multiple Choice Questions) and Descriptive writing test. The transcripts of the descriptive papers were uploaded by the students in the Assignments section of the Microsoft Teams platform and our very competent and tech savvy teachers are in the process of checking the same online. Practical Examination which includes project work, Viva and Assessment of Speaking and Listening Skills will be carried out in the subsequent week.

## **OH CHEMISTRY!**

**By: Madhav Sharma (S3-G)**

*Oh chemistry, oh chemistry  
I love chemistry  
It is a universe of mystery  
No one knows its history  
It's all about chemical reactions,  
For doing it you should know fractions,  
One solution mixed with another solution always makes a new creation.*

*Chemistry is not a hard subject,  
You just have to make your brain run like a jet,  
All the best,  
For all your chemistry tests.*

*Oh chemistry, oh chemistry,  
I love chemistry.*
