## Round Square Postcard, Fountain Valley School

A Round Square Postcard event was organised by the Fountain Valley School, Colorado on 18<sup>th</sup> November, 2021. The theme of the Conference: “One Planet, One Change” beautifully portrayed the ‘Climate’ pillar of the Ideals of Round Square. Multiple Round Square schools participated in the event, including United States of America, Peru, and South Africa. The delegation of Modern School comprised of the following students: Anmol Jain(S6I), Navyansh Pant(S6G), Angad Wadhwa(S6B), Ayaana Jain(S6J), Jayant Aggarwal(S6G) and Pooja Saluja(S6G).

The event commenced with a brief introduction session by the host school, followed by Pre-Conference task presentations by the participating schools. A healthy discussion took place about various repercussions of climate change, through display of images showing the adversely affected regions all over the planet. Thereafter, breakout rooms for Baraza discussion were created for the ice-breaking sessions, where the delegates shared their heart-warming anecdotes and took part in the engaging questions asked by the Baraza leader.

It was exhilarating to see the zealous participation of the delegates. The emphasis on the need to understand the effects of climate change realigned student’s purpose and perspective towards the alarming condition of the Mother Earth. The Postcard event was mind-captivating and acted as a catalyst to guide the delegates about the immediate need to shift their focus towards the degrading plight of the planet.

# HUNAR 2021

ANANYA RAJAN S1H

SAMAIRA DIESH S3E

*“The real value of science is in the getting, and those who have tasted the pleasure of discovery alone know what science is.”*

Modern School, Faridabad organised the Annual Talent Meet, **HUNAR-2021** from 23<sup>rd</sup> October to 30<sup>th</sup> October 2021. The event comprised of display of various scientific experiments, which gave the students an opportunity to explore their interest in Science. Ananya Rajan (S1H) participated in ‘Science through Magic’ and performed a trick using a plastic bottle, a straw and a piece of fur. The experiment was based on the principle of **Static Electricity**. Samaira Diesh (S3E) constructed a Wind Turbine for the ‘**Waste-O-Built**’ event using an old cardboard box, old skewers and newspaper. The construction of this model, used the principle of the 5Rs which symbolize **Reduce, Reuse, Recycle, Refuse and Repair**. The students submitted the recorded videos with a You Tube link. The contest gave the students liberty to indulge in the world of Science and learn about scientific concepts in an innovative manner.

## FAREWELL- MS SUNITA DIXIT

*Bidding farewell is  
always tough,  
Words never prove  
to be enough!*

A resourceful teacher teaches the students values and good ethics that remain imbibed in them, throughout their life. Ms Sunita Dixit is one such example.

Earlier a Flight Lieutenant, then Ms Dixit, taught Chemistry to the students of classes 9<sup>th</sup> and 10<sup>th</sup> at Modern School, Barakhamba Road. She successfully spent ten years in this prestigious institution, imparting knowledge to the students in an efficient manner. As a teacher, she always believed in practical learning and encouraged the students to experiment and question everything around them. She is now relocated at Army Public School, Khadakwasla as the honorable Principal. Modern School congratulates Ms Sunita Dixit for her new endeavour.

---

### VIRTUAL PARENT TEACHER INTERACTION 2021

A Parent-Teacher interaction was organised virtually, on 20<sup>th</sup> November, 2021 through Microsoft Teams platform. The parents connected with the Class Teachers on a video call and discussed about their child's academic progress. The specific queries of parents were taken up by the teachers. Some parents also connected to the subject teachers of their children to discuss the academic concerns of their wards.

This interaction was specifically conducted post Term-I examination, that provided the parents a clear vision, regarding their child's strengths and areas of improvement. A productive discussion took place amongst the teachers and parents, regarding the schedule and pre-requisite steps towards commencement of Term-II. The parents also appreciated the efforts being made by the school for carrying out the process of online teaching in a smooth manner.
