MODERN'S PRIDE

Ayush Badoni (Batch of 2018), Hritik Shokeen (Batch of 2019) and Karan Sharma (Batch of 2016) have been selected to play the IPL 2022. We are extremely proud of their achievements. May they constantly thrive and bring many more laurels to the school.

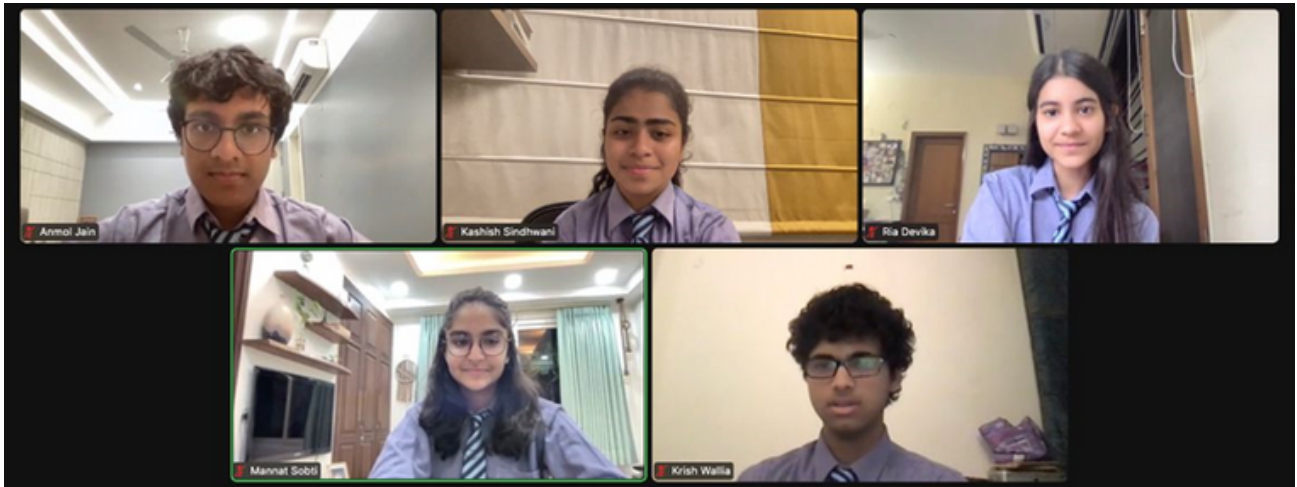

A graduate from Modern School, Barakhamba Road, Avanti Nagrath (batch of 2020) became the first ever Indian model to open a Versace Show, at her debut at Milan fashion Week. She has also starred in campaigns for designers like Ritu Kumar, Manish Malhotra and Sabyasachi. We are proud of her achievements and wish her success.

PRACTICE TESTS CONDUCTED BY SCHOOL

Modern School, Barakhamba Road conducted practice tests for students of S4 and S6 from 2nd to 23rd March 2022. These tests were conducted keeping the best interest of students in mind and considering their learning loss due to pandemic.

YOUTH LEADERS PROGRAMME

On the 19th and 20th February 2022, a delegation of students from the Model UN Society represented Modern School, Barakhamba Road at the Youth Young Leaders Programme organised by the Indian Institute of Management, Lucknow. The conference presented a prepossessing occasion for all the participants to gain principal knowledge and insight from the journey and experiences of some of India's finest entrepreneurs and CEOs - Mr Kris Gopalakrishnan, Ex-CEO and Co-Founder of Infosys; Mr Ashwani Lohani, Ex-Chairman and Managing Director of Air India, and Mr Hari Menon, Country Director of the Bill and Melinda Gates Foundation. The delegation comprised of Kashish Sindhvani (S6-G) , Anmol Jain, (S6-I), Mannat Sobti (S4-I), Ria Devika Bhasin (S4-A), and Amrish Wallia (S4-A).

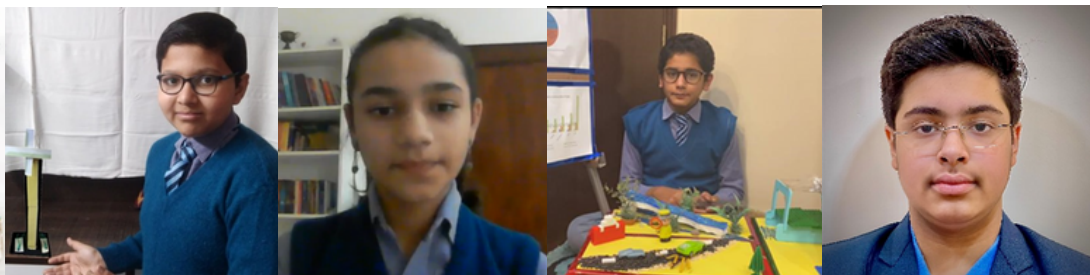

The delegation had very insightful sessions with all the speakers. Mr Hari Menon spoke about how creative the youth of India is and the possibility of India being a superpower in the future. Mr Kris Gopalakrishnan discussed the importance of commercial adaptability and shared his first-hand experience of failure and success in terms of innovation while working at

Infosys. Mr Ashwani Lohani spoke about the importance of always doing the right thing no matter the consequences.

The programme also provided students with an opportunity to be a part of open panel discussions and discussion forums, where they could ask questions from the panelists. The inspiring personalities and their informative talks encouraged students to recognize the value of confidence, perseverance and hard work in life, and the significant role these qualities have in transforming a person's life.

EXPLORA 2022 - SCIENCE EXHIBITION

Naman Khanna, Arnav Sadh, Nergis Malhotra, Divij Wahi , Udayan Sikri

Modern School, Barakhamba Road participated in Annual Science Exhibition 'Explora-2022' conducted by The British School, New Delhi on 18th February 2022. The theme for the exhibition was 'Role of Science in Achieving Sustainable Development Goals'.

Students were asked to shoot videos for the exhibition applying scientific methods while suggesting solutions to meet United Nations' sustainable goals. All five videos made by Modern School students were selected for the final compilation under the able guidance of Ms Shalini Dhaiya and Ms Aarti Mehta.

Naman Khanna (S1-D) showcased water-based smoke sucking machine made from recycled materials which can reduce air pollution. Arnav Sadh (S2-G) made wind turbine – a sustainable, renewable, and clean energy source that has negligible impact on the environment compared to burning fossil fuels. Udayan Sikri (S3-F) emphasised on establishing cryptocurrency mining farms using renewable energy that can be instrumental in reducing poverty. Divij Wahi (S3-E) made models to explain techniques to deal with air and water pollution to help achieve climate action goals.

Nergis Malhotra (S3-E) made a Renewable Wave energy model to generate electricity addressing the sustainable development goal of clean energy. Students learnt about the United Nations' Sustainable Goals which stimulated their minds to think about how to protect their planet for future generations.

HARIT UMANG OLYMPIAD

The third webinar of the 'Harit Umang Olympiad', organised by Panasonic India was conducted on 25th January 2022. This webinar focused on conservation of biodiversity through tree plantation with a special emphasis on urban areas.

Angad Wadhwa (S6-B), Anmol Jain (S6-I), Gunraj Singh (S6-D), Kamakshi Gupta (S6-J), and Vanya Goel (S6-J) participated as green ambassadors from Modern School, Barakhamba Road under the guidance of Ms Richa Bhatia. During the Olympiad, students were encouraged to share their experiences about how they contributed towards keeping their surroundings green. The Green Ambassadors made a collage using different art forms such as painting and mandala art, and tried their hands at depicting the relationship between man, biodiversity, earth and their inter-dependence. Students not only got a chance to learn about conservation from experts, but they also got a chance to share their experiences and learn from the experience of others.
