MODERN SCHOOL SHINES AT MERCATURA 2021

The Bizonomics Society of Modern School, Barakhamba Road, participated in the Mercatura Event on 19th October, 2021, organised by DPS Mathura Road, where the representatives of the school were able to perform distinctively and secured high accolades in all the sub-events organised.

Several top schools from all over Delhi and NCR participated in the event, providing an enriching and competitive experience to the team from Modern School, who still prevailed to win top prizes in their respective events. Kush Garg (S6C) and Navyansh Pant (S6G) showed great acumen and wide knowledge on several Business and Economic trends to win the **First Position** in *Cryptic Hunt*. Ashmit Singh (S6C) and Kashish Sindhwani (S6G) took part in the *Corporate Fusion* event on **Mergers and Acquisitions** and, by using their creative skills and research, won the **Second Position** with their submission.

Sincerest congratulations to the students for their dedication and hard work.

The esteemed speakers of the Inspiring Dialogue

A Webinar was organised by **EarthDay.org** on 10th January, 2022 as part of **IDEAS: Environmental Dialogue Series for Young Environmental Leaders**. The members of Nature Club of Modern School, Barakhamba Road, under the guidance of Ms Richa Bhatia attended a dialogue between Dave Goulson, Professor of Biology at University of Sussex and Shanna Challenger, a Youth Ambassador.

From his experience in Insect Ecology, Professor Goulson spoke about the importance of conservation of habitats of insects, especially bees, in relation to his book *'The Silent Earth-Averting the Insect Apocalypse'*. Through the course of the sixty-minute zoom meeting, topics such as Endangered insects, the causes of endangerment and their preservation were discussed in detail. Attendees were also introduced to Professor Goulson's book which highlights the contribution of even the smallest insect to our lifestyle. At the end of the webinar, students were encouraged to be responsible consumers and citizens and read further about insects and their contribution to the environment.

Screenshot from the event

It was an extremely enriching experience for the students and they got to interact with other young environmentalists from all over the world which left them fulfilled and accomplished.

COMPLETION OF UNIT TEST AND PERIODIC TEST

“Education is helping the child realise his potentialities”- Eric Fromm

Modern School has always firmly believed that no stone is left unturned in the learning process of the students. In the light of this ethos, the school adapted itself to the ongoing pandemic and wrapped up Periodic Test- 2 for Middle Wing, Periodic Test-3 for grade S4 and Round-2 of Unit Test for grade S6 for the Academic Year 2021. The Periodic Test for grades S1 to S3 commenced from 19th December, 2021, for S4 from 13th December, 2021 and for grade S6 from 16th December, 2021. The tests concluded in the final week of January 2022. The pattern of the paper was Descriptive, which not only helped the students to get a comprehensive perspective towards the content but also enabled them to exercise time management skill within a stipulated duration.

CREATIVE WRITING

PEACE

- Sayesha Sachdeva, S3A

Peace,
Is birdsong among whispering trees
The gentle, swirling water of calm blue seas.
Peace,
Is the wish of a soldier at war,
Who really wins? Who are we fighting for?
Peace,
Is when we don't try to hurry,
When our minds aren't troubled by
engaging worries
Peace,
Is the silence of an empty room,
The vibrant beauty of the flowers that bloom.
Peace is something which connects our
mind and soul,
Peace is something which makes us whole.

THE SKY IS ONE

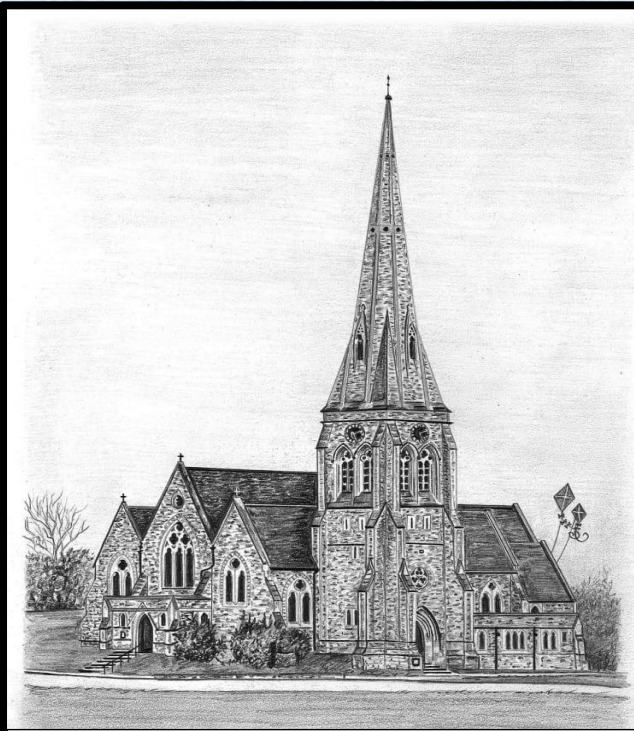

- Nergis Malhotra, S3E

The days, the seasons continue to
change,
They carry on their life-long exchange.
But this endless sea of rain or shine,
Is the only constant with changing
time.
Look at the stars which continue to
shine,
Even during one's sad time
The sky simply smiles and says,
As the sun spread its golden rays
“Try again one more time!”
There will come a day different from
today
“And it will be beautiful!”, the stars
seem to say.
And this wondrous night only conveys
That there will come, at last, a New Day.
