The new 2022-23 session signals the reopening of Modern School after two years of online studies. It provides a ray of hope that things will return to normalcy. Amidst the virus and lockdowns, somewhere deep down, everyone was waiting for a new beginning.

This April, the beginning of the school year seemed more overwhelming than ever before. One could observe the mixed feelings of exhilaration, jubilation and confusion among the students at Modern School, Barakhamba Road on the first day of the **New Session 1st April 2022.**

Student Orientation

Early in the morning, the students gathered in the upper-field. Our Principal,

Dr Vijay Datta, addressed the students with utmost delight and induced their hearts with motivation. Importance of Co-curricular was highlighted as he encouraged the students to push beyond the limits and always walk on the path of honesty and pride. He encapsulated the need to be productive every single day. He discussed the themes of valour, heroism and unflinching moral fortitude of a young boy in the poem: “Casabianca” by Felicia Hemans.

Students were informed about various **Sports and Co-Curricular activities** that they can opt for like: Horse-riding, Cricket, Basketball, Hockey, Swimming, Badminton, Painting, Sculpture-Making, Paper Technology, Theatre and many more.

Sports has always been a crucial part of the Modern School family. A moment of pride was celebrated during the interactive session, where our

Principal Sir talked highly about Ayush Badoni, an Indian Cricketer who graduated in 2018

from Modern School, Barakhamba Road. He played his first match for the Lucknow Super Giants in the ongoing IPL 2022. It was a moment of great pride for all the students and staff of our school.

Middle Wing Headmistress, Ms Manpreet Kaur welcomed the students with open arms and enunciated on maintaining discipline during the new academic year. After many weeks of distance learning, which was challenging for children, parents, and teachers alike, the willingness to go back to the normal learning process was demonstrably

high. Everyone also displayed the readiness to comply with the new safety regulations set by the Government. So we marked the commencement of this new session with a positive mindset and renewed dreams and hopes. The students of classes S1-S4 are overwhelmed with excitement for their new session as we all hope for a fruitful year ahead.

SPIN A YARN: STORY WRITING COMPETITION

Writing, often thought of a solitary pursuit, is not what it seems to be. It can be captivating, mind-blowing and enrapturing. It all depends on the writer. 'Your Words Matter to US', an International independent writing organisation that supports budding writers and encourages

them to follow their dreams, organised an event called *Spin A Yarn*. Participants were put in the group of 4-5 students each. They were then supposed to write a story (on the spot and any genre) without communicating with one another or sharing their ideas.

The students were supposed to complete their stories in half an hour, which was submitted automatically at the end of that period.

This event saw students participating from all over the world featuring 15 participating groups. Students of Modern School, Barakhamba Road, namely **Navya Jain (S6 I)** and **Aadya M Ray (S6 B)** participated in this contest. They were put in a team with 3 other participants and bagged the **Third Position**. Their winning story entry was titled 'The Story With No Theme'.

WE ART IT ART COMPETITION

Psymentia, The Department of Psychology of Shaheed Rajguru College of Applied Sciences For Women recently organised an Online Art Competition. The event was called We Art It Art Competition. It was a part of Trezure 22 which was organised on 4th February 2022.

Our student **Noor Mathur (S7 J)** bagged the **First Position**.
