The Conference began with a 'Get to Know You' session that included the names of the delegates and schools, their nationalities and a song that made them feel empowered. A brief summarisation of the topics to be discussed was presented by the hosts. The students were then split into Baraza rooms where an in-depth discussion on the topic took place. Each student was asked to perform three random acts of kindness, in the week prior to the Conference. This was then followed by a question-answer round that helped the students, gain an insight into the challenges faced by other delegates in their journey into adulthood. The students were asked to carefully consider their character, their safe-space, their talent and other aspects of their lives. The issues of peer-pressure and changing to fit someone else's image were also taken up. The conference was an incredible and enlightening experience for the participants.

## ROUND SQUARE CONFERENCE DUBAI

**Delegates during Round Square Conference**

On 5<sup>th</sup> and 6<sup>th</sup> April, 2022, the Millennium School Dubai, hosted a conference with great zeal and gusto. The theme for this event was “**A Sustainable today for a Resilient Tomorrow**”. Countries like UAE, India and South-East Asia, took part actively. The Modern School delegation comprised of ten students: Pranav Sachdeva(S4E), Sia Gupta(S4C), Ahana Sinha(S4C), Zara Javed(S4G), Divij Wahi (S4E), Aarav Budhiraja(S4G), Yashika Basoya(S4G), Devasya Agarwal(S4B), Mundhra(S4G) and Tarini Tandon(S4H).The students were mentored by Ms Shalini Dahiya and accompanied by Ms Divya Aggarwal. The Keynote Speaker for the session was Ms Neha Sinha, who enlightened the students about the importance of **Eco System**. She informed about the various ways in which different organisms, like bees and birds that we usually take for granted, impact our lives. Following Ms Sinha’s keynote speech, the students entered Baraza rooms where they introduced themselves through an ice breaker session. They were then asked questions that led to an enriching and informative discussion about sustainability and importance of environment. In different Baraza rooms, students tried implementing their creative mindsets to find solutions to sustainability by creating something useful out of household waste. Presentation was shown by the students, shedding light on what they had learnt. During this Conference, every single Modernite and attendee came to know, to what an extent we human have destroyed nature, but as they say, “**Where there is a Will, there is a Way**”. We still have time to conserve nature, and this was wonderfully explained by the hosts associated with the conference. The session ignited a sense of mirthfulness and taught the students about the uses of this bountiful nature.

# COMPREHENSIVE SCHOOL HEALTH PROGRAMME

## TRAINING WORKSHOP

### Virtual Training Programme

Modern School, Barakhamba Road, organised a **Health Education Training Workshop** for the teachers. Dr Rahul Mehra (Modernite), Chairman Tarang Health Alliance conducted a seven-hour online training session for the teachers from 30<sup>th</sup> March, 2022 to 1<sup>st</sup> April, 2022. The interactive session emphasized on the need of teaching and creating a culture of health in the school. The workshop was a great learning experience for the teachers to understand the importance of physical, mental and social health of the students that would help them to realise their full potential. Various teaching practices including hands on activities, demonstration, videos etc. were discussed to make the curriculum engaging and fun. '**Comprehensive School Health Programme**' was introduced for S1 student in the academic year 2021-2022 as a part of school curriculum. The programme will be conducted for the students of class S1 and S2 during academic year 2022-23. The curriculum would continue to focus on developing healthy habits and skills among S1 and S2 students that would help them to learn desired health behaviours and to lead a productive and fulfilling life. The students learning will be analysed by conducting Health and Knowledge questionnaire at the inception and at the end of the session.
