## Hindi Grammar Activity

## Activity Based on Happy Classroom

The experiential learning is the learning which takes place outside the walls of the classrooms. To make Hindi-language learning interesting, some activities were organised to test the reading skills of the students in the green fields outside the confines of the classroom. In these activities, under 'I am a teacher', each student takes a topic of their choice and explains to the students in the game itself, which makes each student excited to take their turn. Presenting their thoughts in an autobiographical style, personifying anything, they humanize any object and presents their views. Hindi- Grammar was explained to the students using everyday objects.

## FROM THE PHOENIX QUIZ CLUB

### Glimpse of Phoenix High

Students of Modern School, Barakhamba Road, participated in **SPENT** Quiz which was organised by New Era Public School, Mayapuri, on 5<sup>th</sup> November, 2022. Modern's distinctive ace Aryans: **Aryan Arora(S6F)**, **Lakshya Aryan(S6I)** and **Aryan Pratap Singh(S5G)** emerged indomitable warriors by clocking the **Third Position** in the very keenly contested and nail biting SPENT Quiz. They battled heroically, remained stoic and kept their spirits buoyant while navigating an eclectic terrain of sports, entertainment, arts and media. The Resolve and dexterity of our students was wondrously showcased and lauded by everyone.

## CAREER COUNSELLING WORKSHOP

An '**INTRODUCTORY CAREER COUNSELLING**' session was held for class 10 students on 5<sup>th</sup> December, 2022 in HLL auditorium. The workshop provided a broad overview of the numerous career options available to students in every stream of class 11. The interactive workshop, using audio-visual aids, assisted students in identifying career options and appropriate higher education routes for each, thus enabling them determine the steps they need to take to equip themselves in the challenging professional world.

The workshop exposed students to opportunities in a range of professional fields from fashion designing, law and hotel management to business management, biotechnology and environmental sciences, covering not only the more conventional careers such as the civil services, law, engineering and medicine, as well as a host of new options in event management, mobile apps design, film animation, music technology, web design, fashion merchandising, social media marketing and many others.

The students willing to continue with the career counselling in subsequent sessions were given an opportunity for a personal one on one discussion pertaining to the individual interests and career choices. During the question-and-answer sessions, students and their parents put forward many questions they had on the different options available, as also on the most suitable institutions in India and abroad and the job opportunities thereafter.

## **PREBOARD EXAMINATION 2022-23**

The Preboard Examination for class 10 commenced from 19<sup>th</sup> December, 2022 and for class 12 commenced from 12<sup>th</sup> December, 2022 for the academic session 2022-23 and continued till 30<sup>th</sup> December, 2022. With the change in pattern of this year's Board Examination papers, the challenge lay in front of the teachers to acquaint the students with the new format. In the month of November, after completion of syllabus, the new sample papers issued by CBSE for all the subjects were discussed in the classes with the students and sample paper marking schemes were also shared. The students found the entire exercise very helpful and now they are able to attend the Preboard papers more confidently. We wish them all the luck for the Examination.
