Students were assigned their Baraza sessions. Each Baraza Group performed a customary 'Ice-Breaker' activity so that students could connect and relate to each other before they got down to debating and challenging views. Ms Ireen visited each Baraza to inspire the debates by the students. The various sessions were: Legalization of Abortion, History on Abortion Rights, Men's Rights in Abortion, Abortion and Pop-Culture, Abortion a Social-Dilemma and Social Perceptions of Abortion. The Debates that followed were insightful and productive. Agreements, Disagreements, opinions and analogies caused the students to question, think and debate either side of the situations presented in the Baraza.

The students were then addressed by the President and Vice-President of the 'Going Global' Initiative. The conference fostered research, creativity, assertiveness and versatility of thought and opinion and provided an enriching exposure to important issues we now collectively face as a society.
