## ENRICHMENT PROGRAMME

### Screenshots of Enrichment Programme Activities

Modern School, Barakhamba Road recently observed '**Enrichment Programme Week**' for its students from 22<sup>nd</sup> – 26<sup>th</sup> March 2023, wherein the children reported to school and were asked to carry the books of their interest to school, for '**Drop Everything And Read (D.E.A.R)**'. It was quite impressive to watch classrooms transforming into silent library. The students participated actively in the programme as their best friends, that is, their books, rejuvenated their mind. Apart from reading, the students also cherished going to their respective SUPW Activities, which regenerated their energies especially after the stressful period of exams. Not only this but they also made the most of that one-hour where they were let out in the field to enjoy their favourite games period. It drives them to be enthusiastic, passionate and be fully associated with their sports activities, in keeping with the essence of Indian traditional games.

Unfolding the beauty of the week, some of the students went beyond the horizon and stepped at the forefront to decorate their classroom boards in order to welcome the upcoming new classes whole heartedly. They had put in their heart and soul to assure a very warm welcome for the students who would step into their new classrooms. The complete week served as revival and stimulation session of positivity into students and they made the most of it.
