The 90-minute call brought together around 100 participants from 18 schools in India and South Africa. Modern School delegation comprised of Vireyn Sharma(11 G), Padma Kaysang (11 G), Adaya Chhabaria(11 G), Anaya Bansal(11 G), Paraa Kapoor(11 G) and Avya Aggarwal(11 A). The delegates discussed how digital globalization is a dynamic force, which is influenced by the interplay between technology and human needs. As a pre-conference task, participants designed posters on the theme. The conference also featured a presentation on global impact of technology. Delegates were given different baraza groups where they shared their viewpoints. The experience was both educational and engaging for the students.
