Reading Corner**Doomsday - Fast Approaching****Saisha Gupta VIII-A**

The Doomsday Glacier is melting
 At an alarming rate
 We have to prevent further ice loss
 This can no longer wait

 If the Doomsday Glacier melts
 There will be great tragedy
 Whole coastal cities will drown
 We have to prevent this catastrophe

 We must rally our troops
 And raise our voice
 For we need to help the Earth
 We have no choice

 The world needs to unite
 Consider this a forewarning
 We need to combat climate change
 And reduce global warming

I am Free to Fly

She stands with strength,
 her voice so clear,
 Breaking chains of doubt
 and fear.
 No walls can hold, no
 binds restrain,
 Her dreams, her rights, she
 will reclaim.
 Free to rise, free to be,
 A soul unchained, in
 liberty.

True fulfilment in life comes not
 just from material success, but
 from our ability to contribute to
 others and to the world around us.
 While financial gains and personal
 achievements are important, they
 don't define the richness of our
 experience. It is the acts of
 kindness, generosity, and
 selflessness that give life its depth
 and meaning. When we give—
 whether through time, compassion,
 or resources—we not only improve
 the lives of others but also create a
 sense of purpose and connection
 that transcends our individual
 pursuits.
